## SUMMARY

B.Tech CSE (Cloud Computing & Automation) student at VIT Bhopal with experience across three internships, shipping AI-powered web applications with Next.js, React, and n8n, and building SEO-optimized client websites. Founder of EvolVIT, VIT Bhopal's 100th official club, connecting students to industry through internships and startup collaborations. Comfortable across the stack: from production-grade React/Node applications to agentic AI workflows and automation.

## TECHNICAL SKILLS

**Languages:** C++, Java, Python, JavaScript, TypeScript, HTML, CSS

**Frameworks & Libraries:** React.js, Next.js, Node.js, Tailwind CSS, Three.js, React Three Fiber, GSAP

**Web & SEO:** SSG, SSR, CMS Integration, Technical SEO, Website Optimization

**AI & Automation:** n8n (workflow automation), prompt engineering, Speckit

**Tools & Platforms:** Git, GitHub, Vercel, MongoDB, AWS (fundamentals)

## EXPERIENCE

### Web Development & SEO Intern — Ripplika

Sep '26 — Present

- Develop and improve live client websites, working on frontend development and CMS integration.
- Handle SEO and website optimization, building with static site generation (SSG) alongside prior SSR experience.

### Software Development Intern — Datatrack

Mar '26 — Jun '26

- Building an AI-powered worksheet generation platform (pracup.co.in) that automates personalized worksheet creation, currently in active testing and refinement ahead of public launch.
- Developed responsive landing pages and interactive 3D web experiences using Next.js and Speckit for client-facing product pages.

### Software Development Intern — Quantumard

Dec '25 — Feb '26

- Built a Role-Based Project Management System with secure role-based access control, task tracking, and multi-user collaboration using Next.js and MongoDB.
- Participated in requirement analysis, testing, and deployment of scalable web applications across the team's project pipeline.

## LEADERSHIP & EXTRACURRICULAR

### EvolVIT Club, VIT Bhopal University

Oct '25 — Present

#### Tech Team Co-Lead

Sep '26 — Present

- Lead the club's tech team, mentoring members and building web and automation projects; handed coordination to new members.

#### Founder & Student Coordinator

Oct '25 — Aug '26

- Founded VIT Bhopal's 100th official club, connecting students with industry through internships and live projects.
- Launched the EvolVIT Internship Program and led the Idea2Industry initiative, linking students with startups, ideathons, and industrial visits.

### Tech Team Co-Lead — FinTech Club, VIT Bhopal University

Nov '25 — Present

- Promoted from Core Member (Nov '24 – Nov '25) to Tech Team Co-Lead based on technical contributions and project leadership.
- Mentor club members and lead development of FinTech web projects, ensuring code quality and timely delivery.

## PROJECTS

- AI Worksheet Generator** — [Live: prapup.co.in](https://live.prapup.co.in) | Next.js, AI, Automation
- Problem: Teachers/parents lack a fast way to generate personalized, curriculum-aligned practice worksheets. Solution: Built a scalable Next.js + AI platform that auto-generates and grades worksheets.
- Owned the product end-to-end — from concept through architecture and deployment — to a live, actively used platform with OCR-based grading and adaptive personalization.
- Multi-Agent Sequential Code Reviewer** — [GitHub](https://github.com) | n8n, GitHub API, Gmail API, AI Agents
- Problem: Manual GitHub PR review is slow and inconsistent for maintainers handling high PR volume. Solution: Designed a four-stage n8n multi-agent workflow that automatically reviews PRs.
- Integrated GitHub and Gmail APIs for human-in-the-loop approval, keeping final merge decisions with a human reviewer.

## EDUCATION

### VIT Bhopal University, Sehore

Sep '24 — 2028

B.Tech CSE (Cloud Computing & Automation) — CGPA: 9.10

### DAV Kapildev Public School, Ranchi

2021 — 2023

Higher Secondary (CBSE)

### St. Francis School, Ranchi

2009 — 2021

High School (ICSE)

## ACHIEVEMENTS

- Winner — AI-ZEN Hackathon (Google Crowdsourcing)
- Founder — EvolVIT, VIT Bhopal's 100th Official Club
- Hacktoberfest 2024 — Completed all four contribution levels
- HackerRank — 3 Python Badge
